

Dear Holland Friends of Art,

Thank you so much for this incredible gesture to help me further my education next fall. I am entirely grateful and filled with joy to receive such an amazing gift. I am very excited to use this gift next year as I continue my education and art career. Art has been a huge part of my success in high school and I cannot wait to see what it does for my future. Thank you for giving me this opportunity!

Dear Holland Friends of Art,

I am so appreciative of the support I have received from the Holland Friends of Art. It's so amazing to know I have people rooting for me and believing in my passion of art from my hometown. This school year I began my art foundations classes where I am given the opportunity to explore my ideas in a variety of different mediums. I even had the opportunity to have a few of my pieces be juried and showcased. I have absolutely loved my time at Michigan State University thus far and it wouldn't be made possible without the support from The Holland Friends of Art.

Dear Holland Friends of Art,

Thank for the generous donation. It has advanced my college career. I am currently attending the University of Michigan. I am studying art history and English and plan to get a degree in education. I would like to be an art teacher and your generous donation is allowing me to pursue my greatest potential. I have had to opportunity to work with kids and teach art. It has been wonderful being able to inspire future generations of students through my college career. I have gotten to increase my knowledge and experience of many art mediums, especially watercolor, through the college curriculum I have taken with your gracious contribution.
